UGUR GUNDOGDU

Systems Engineer

EDUCATION

- 2016 – 2021 **B.S | Electrical & Electronics Engineering**
Bilkent University - Engineering Faculty– English, Ankara
- 2015 – 2016 **High School Certificate**
Nesibe Aydın Yıldızlar High School, Ankara
- 2012 -2015 **High School Start**
Kırkkonaklar Anatolian High School, Ankara

EXPERIENCE

- 11/2022-
currently
working **BİTES/ ASELSAN REHIS
Radar Systems Engineer**
I have been working as a subcontractor at ASELSAN REHIS
for the MAR-D project in Naval Radars Unit.
- 08/2021-
10/2022 **AYESAS
Hardware Design Engineer**
I worked on FADEC, DAL-A level project with customer TEİ. I
engaged with PCB design via Altium Designer. In addition to
designer role, I had a chance to work with FMECA, FHA, FTA
analysis on the same project within the scope of System
Engineer role.
- 08/2020-
09/2020 **STM
Intern**
The internship was conducted in Autonomous System
Directory and I worked on closely Missile Guidance System
and Control Modelling in Simulink with the help of MATLAB,
in specifically, ALPAGU project.
- 09/2019-
02/2020 **Bilkent University
Tutor/Grader**
I had evaluated the quiz papers from the Math. Department.
I had a responsibility of entering all the grades to the Bilkent
Grading Application system which is SAPS.
- 08/2019 -
09/2019 **Endoks Energy
Intern**
I tested the Inavitas device and comparing the real values
with application values.

SKILLS

SYSTEMS ENGINEERING, SYSTEMS TEST, INTEGRATION, RADAR SYSTEMS, DOORS,
MS OFFICE, JIRA, VISIO, MATLAB, SIMULINK, HARDWARE DESIGN, LTSPICE, ALTUM
VHDL, SAP

HOBBIES

TENNIS, THEATRE
